

The Japan WINConference

Women Shaping the Future of Japan

Tokyo, Japan - 18th May 2012

Your invitation to be a part of: The 1st Japan WINConference – Tokyo 18 (19) May 2012

It is with great joy that we invite you to sign up to be a part of this extraordinary event as more than 150 women and a few men, come together to look at how women are shaping the future of Japan. On the 18th May and with a post workshop on 19th May, a shorter version of WIN's flagship event will take place in Tokyo.

With the Tsunami still fresh in mind, a strong yen, an aging population and other challenges facing the Japanese society, we explore how women are shaping the future of Japan with all its beauty, history and cultural practises.

Women are starting, leading and shaping the future of initiatives and organisations across different fields, industries, companies, communities and nations. Come and explore with us how we as women can accelerate the journey, make it easier, grow skills and confidence to take charge in a feminine, authentic and global way. We also wish to hear how a few insightful men are making a serious effort transforming their companies into diverse and inclusive work-environments in which ultimately everyone can flourish.

The event will give you inspiration, knowledge, practical tools and contacts to help you succeed and prepare for the future.

We look forward to meeting you in Tokyo.

Warm regards,
Kristin Engvig & the W.I.N. team

Japan WINConference | Women Shaping the Future of Japan

When: 18th May and optional meeting in the morning of 19th May

Where: ANA Intercontinental Hotel - Tokyo - Japan
